Timothy Collado

JOB TITLE

FRONT-END DEVELOPER

BIO

Having achieved excellent grades at Computer Science year 1 course at Cambridge Regional College last year and have now been predicted to do the same on my extended course. I am very keen to pursue a career as a designer and a developer for both the web and software application. Throughout my course, I've proven a keen interest in learning design and coding and making notable achievements in my studies this combined with my ability of problem solving, clear communication and resourcefulness would make me an excellent candidate for this role.
